WOMEN . . .

Right now with Christmas just around the corner the Rees Store is chock full of delightful Christmas Gifts, and we'll bet that "women" will do plenty of talking after they see our display.

We learned a long time ago that the one sure way to build a business is to please women.

Women know value, they appreciate quality and good taste and they must appreciate the Rees Store or it never could have grown as it has.

We are greatly indebted to the "good gossip" spread by women about our store and we are going to keep on trying to please them every day in the year.
